

Join your Northern NSW Health Information Feedback Group today...

**Health
Literacy**
Northern NSW

You can help us improve how we present and share local health information

We need feedback from people and carers who use our health services.

We want to know how well we communicate health information.

How does it work?

Members of the Northern NSW Health Information Feedback Group will have the opportunity to review health resources. This includes flyers, information sheets, brochures and forms. We'd love your feedback on how we can make them easier to understand.

Contact your local Health Literacy Project Officer to find out more:

Phone: 0431 939 848

Email: NNSWLHD-HealthLiteracy@health.nsw.gov.au
